

Hydrogeology & Geomorphology Field Trip 2013: The Lake Connewarre Complex

IAH and AIG invite you to attend this year's inaugural joint field trip to be held on **Saturday November 23rd 2013**.

The trip will explore the hydrogeology and geomorphology of the lower Barwon River, through a guided tour of sites along this internationally protected wetland complex.

Topics will include the geological, geomorphological and hydrological evolution of the area, and how these interact with the groundwater/surface water system, geological hazards, ecosystems and new land development.

Guides on the tour will be Dr Peter Dahlhaus (Federation University) and Dr Matt Currell (RMIT).

Proposed Itinerary

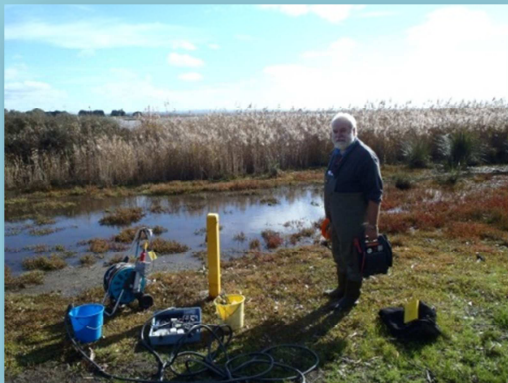

9:00 - Meet bus in CBD (corner Franklin and Swanston Streets)

10:00 - 12:00 - Lake Connewarre & Reedy Lake geological and groundwater sites tour

12:30 – 2:00 - Pub lunch in Barwon Heads

2:00 – 3:30 - Barwon Heads Bluff; Ocean Grove sand spit tour

4:30 - Return to CBD

Members are requested to pay a fee of \$25 (\$30 non-members), to cover trip costs. Payments can be made by direct debit to:

Bank: National Australia Bank

Account Name: International Association of Hydrogeologists Victorian Branch

BSB: 083-298

Account No: 61-508-8037

Please include your name in the transaction & contact the undersigned to confirm your payment.

RSVP – 14th Nov. by E-mail: matthew.currell@rmit.edu.au or pdlarkin@bigpond.net.au

We look forward to seeing you there!!
